

"The Environment Project"

Rough draft, (due day 02 of week 06) = 150 points

Second draft, (due day 02 of week 09) = 150 points

Final, (due day 01 of week 11) = 200 points

Create a fully detailed, textured and lit environment.

- This can be interior or exterior
- Day or night
 - Anywhere on *EARTH*.
- It must be specific.
 - It must be clear what time of day or night,
 - what time of year,
 - what type of climate
 - what kinds of forces has the environment been subjected to.
 - Who/what inhabits this place?
 - What do they do there?
 - What is the feeling of the place?

All of this must be thoroughly researched.

You must include in all presentations:

- **Six rendered views (1600 X 900) of the environment.**
- **A written description of the environment.**
- **At least 12 reference images.**

We will present these before the class, both for the Roughs and the Final.

For the Rough and Second draft:

- Clarity of intent will be of the highest importance. (60 pts.)
- Presentation (20 pts)
- The above listed technical criteria (20 pts)
- Quality of presentation (50 pts)

For the Final:

- As above for the Rough plus improvements based on the rough critique. (200 pts.)
